MATERIAS

ADRENAL tumors in gonadectomized rats, B. A. Houssay y col., 125.
ADRENALS and gonadotrophin B, C. D. de Pasqualini, 162.
ADRENALS. The relationship of the - and the gonads to the growth of hair in mice and rats, A. B. Houssay, 232.
ALCOHOL intake of rats depleted of factor N_1. Influence of sulfasuxidine on the effect of alpha lipoic or thioctic acid on the voluntary, J. Mardones y col., 140.

ALPHA lipoic or thioctic acid on the voluntary alcohol intake of rats depleted of factor N_1. Influence of sulfasuxidine on the effect of, J. Mardones y col.. 140.
ALLENOLIQUE. La série... des oestrogènes artificiels, R. Courrier, 71.
ALLOXAN. Glutathionemia of the normal rabbit and guinea pig. and its variations after the application of -, O. Koref y col., 131.
ANDROGENS. On the possible share of-in the development of secondary sex organs in the female rat, F. J. A. Paesi y col., 153.
ANGIODIACTIN: a new vasodilator substance of the tissues, J. C. Fasciolo, 2.
ARRHYTHMIAS. A standardized method for the neurogenic and cardiogenic production of ventricular-in the rat. M. R. Malinow y col., 216.
ATMUNGSGRÖSSE und Blut-Hirn-schranke. H. Winterstein, 194.
AXONS. The response of-to mechanical stimuli, A. Rosenblueth y col., 204.
CANCER. Influence des hormones sexuelles sur la production du-du foie chez le rat, A. Lacassagne y col., 136.
CANCER research as viewed along the years, P. Rous, 184.
CANCERS. The role of ovarian secretions in the pathogenesis of chemically induced, F. Bielchowsky, 57.
CARDIOGENIC. A standarlized method for the neurogenic and-production of ventricular arrhytmias in the rat, M. R. Malinow y col., 216.
CATHEPSINS. Studies in the relation of-to protein synthesis. The effect of hormones, L. C. Junqueira y col.
CONSERVATION of gonadal tissue for transplantation. A. S. Parkes, 158.
CORTICO-SUPRARENAL. Relações genéticas entre as gónadas e a glândula -, A. Celestino da Costa, 81.
"CRITICAL PERIOD". The - - in the development of inflammation, H. Selye, 188.
DEFIBRILACION MIOCARDICA. Posible mecanismo de la ... por contrachoque eléctrico, O. Orías, 147.
DIABETES. Factors wich accelerate or delay the apparition of pancreatic, ... in the rat, V. G. Foglia, 96.
DIURETICO. Mecanismos que influyen en el efecto. ...de la renina, H. Croxatto y col., 74.
ESTEROIDES PARAHORMONALES. Comentarios sobre el uso terapéutico de, ..., J. Pi-Sunyer, 169.
FANO PHENOMENON. Slow tonic waves in the turtle heart, ..., B. Günther, 102.
FOLLICULAR CONSTANCY. The law of, ..., S. Zuckerman, 198.
GLUTATHIONEMIA of the normal rabbit and guinea pig and its variations after application of alloxan. O. Koref y col., 131.
GONADAS. Relações genéticas entre as, ..., e a glândula cortico-suprarenal, A. Celestino da Costa, 81.
GONADS. The relationship of the adrenals and the. ... to the growth of hair in mice and rats, A. B. Houssay, 232.
GONADECTOMIZED RATS. Adrenal tumor in, ... , B. A. Houssay y col., 125.
GONADOTROPHIN B. Adrenals and ..., C. D. de Pasqualini, 162.
HAIR GROWTH. The relationship of the adrenals and the gonads to the ..., in mice and rats. A. B. Houssay, 232.
HEART-LUNG PREPARATION, A ..., in the rat, M. R. Malinow y col., 256.
HEMIOVARIECTOMIE. L'hiperactivité réactionnelle de l'ovaire restant après ..., M. Aron y col. pág. 53.
HORMONES SEXUELLES. Influence des ..., sur la production du cancer du foie chez le rat, A. Lacassagne y col., 136.
HYDROXILATION. Some aspects of the mechanism of biological ..., of steroids, K. Miescher y col. pág. 144.
HYPERTHYROID. Mechanical response of skeletal muscle in normal ..., and hypothyroid rats, F. Hoffmann y col., 25.
LIPSCHUTZ A., B. A. Houssay, 49.
MASTOCITOS. Algunas reacciones histoquímicas y funcionales de los ..., W. Euño, 60.
MOTOR-NERVE. Neuromuscular alterations produced by ..., section, C. Eyzaguirre y col., 91.
MUCOSAE. The interchange of carbon dioxide and oxigen in the skin and the ..., of human beings, A. Lanari, 37.
MUSCLE. Mechanical response of skeletal ..., in normal, hyperthyroid and hypothyroid rats, F. Hoffmann y col., 25.
NEUROGENIC. A standardized method for the ..., and cardiogenic production of ventricular arrhytmias in the rat. M. R. Malinow y col., 216.
NEUROMUSCULAR alterationes produced by motor-nerve section, C. Eyzaguirre y col. 91.
OESTROGÈNES. La série allénolique des..., artificiels. R. Courrier, 71.
OESTROGENS. Ultraviolet absorption spectra of genuine ... (influence of solvent on the absorption spectrum), C. Hamburger, 109.
OVARIAN SECRETIONS. The role of ... in the pathogenesis of chemically induced cancers, F. Bielschowsky, 57.
OVULATION. The effects of progesterone and related compounds on ... and early development in the rabbit, G. Pincus y col., 177.
OXYGEN. The interchange of carbon dioxide and ... in the skin and the mucosae of human beings, A. Lanari, 37.
PELLETS. On the absorption mechanism of ..., J. Lewin y col., 17.
PROGESTERONE. The effects of ... and related compounds on ovulation and early development in the rabbit G. Pincus y col., 177.
PROTEIN SYNTHESIS. Studies on the relation of cathepsins to ..., The effect of hormones. L. C. Junqueira y col., 247.
RENINA. Mecanismos que influyen en el efecto diurético de la ..., H. Croxatto y col., 74.
REPRODUCTIVE. Problems of ... hormone action, J. Hammond, 114.
SECONDARY SEX ORGANS. On the possible share of androgens in the development of ... in the female rat, F. J. A. Paesi y col., 153.
SEDIMENTO URINARIO. Extendidos del ..., E. B. del Castillo y col., 85.
SISTEMA NEUROVEGETATIVO. Cuatro etapas en el conocimiento del ..., A. Pi-Suñer, 172.
SMOOTH MUSCLE. The discovery of ... in the uterus, G. W. Corner, 67.
STILBOESTROL. Relation of ... to naturally occurring substances E. C. Dodds, 89.
SULFASUXIDINE. Influence of ... on the effect of alpha lipoic or thioctic acid on the voluntary alcohol intake of rats depleted of factor N_1, J. Mardones y col., 140.
THIOCTIC ACID. Influence of sulfasuxidine on the effect of alpha lipoic or ... on the voluntary alcohol intake of rats depleted of factor N_1, J. Mardones y col., 140.
THYROID. Influence of ... hormone on the heart-vagus system, F. Hoffmann y col., 118.
TRANSPLANTATION. Conservation of gonadal tissue for ..., A. S. Parkes, 158.
TURTLE HEART. Slow tonic waves in the ... (Fano phenomenon), B. Günther, 102.
UTERUS. The discovery of smooth muscle in the ..., G. M. Corner, 67.
VASODILATOR. Angiodiactin: a new ... substance of the tissues, J. C. Fasciolo, 2.
